## Comments

Very helpful and very understanding of the module and stata content which is fantastic and relates to our situation well having recently been a warwick econ undergrad student himself.

Great. Sometimes makes mistakes, but that is okay with me.

---

Generally good although I think a bit more time should be spent on Stata as the group project has been quite difficult at times.

Favorite tutor so far. He explains the intuitions very well, is very clear with what we need to focus on, and is easy to follow.
